(*a*) whether they have received any representation from the people of South Ariad requesting to start an evening dispensary at Kottankulangara or Punnamada ;

(*b*) whether the people had undertaken to provide a building and furniture free of rent for the purpose ; and

(*c*) what action has been taken on the representation ?

Dr. S. John : (*a*) There was a representation from the public for the opening of a full time dispensary at Ariad South or for shifting the Mullakkal Dispensary to a convenient building at Thattampalli or Punnamada ;

As it is felt that a dispensary at Muhamma will be more useful to the public the question of opening a part time dispensary at Muhamma is under the consideration of Government.
